## PREAMBLE

The Planning and Development Department is pleased to release the Makerere University Fact book-2014/15. The resource is an annual production that is available in soft and hard formats. The digital format can be accessed from the departmental website <http://pdd.mak.ac.ug>.

The production of the fact book is in line with the revised strategy of the Planning and Development Department which is *“to coordinate planning in the University and offer support to strategic and operational decision making through collection analysis and interpretation of institutional and external source data”*. The information is synthesized from the University’s databank notably Academic Records Information System (ARIS) Human Resource Information System (HURIS) and Financial Management Information System (FINIS). Other sources of data from which information has been processed include among others the teaching and non-teaching units of the University.

The fact book complements the University’s Annual report by providing the quantitative movements of the key University areas of focus. It is designed to provide current information about Makerere University in an academic /fiscal year. For our internal stakeholders within the University the fact book is intended to act as a tool to support institutional research and our quest for evidence based decision making. For the external stakeholders it is a one-stop guide that provides a wealth of information to facilitate an understanding of the specifics and processes within Makerere University.

The University fact book by nature is a dynamic source of information which evolves with both the internal and external data requests. As such, we continue to update and improve formats on an annual basis based on the feedback from our stakeholders. Building on the 2013/14, fact-book this edition provides a three year trend for most of the parameters captured. It is our belief that this will enable users of the fact book to have an overview of the changes that have occurred over this timeframe.

We continue to appeal to those who find this resource useful to provide candid feedback that will generate continuous improvements to enable us comprehensively meet your information requirements.

Dr. Florence Nakayiwa

# GENERAL INFORMATION

Makerere College was established by Government of Uganda on 1<sup>st</sup> August 1922. It immediately shed the trade courses that had been offered by its predecessor Technical College. New courses were offered in Medicine, Agriculture, Veterinary Medicine, Engineering, Surveying and Teacher Training<sup>1</sup>. Makerere College became affiliated to the University of London from 1949 - 1963. It became one of the three constituent Colleges<sup>2</sup> of the University of East Africa from 1963 – 1970. Makerere University became an independent University by Act of Parliament in 1970. The status continued until 2001 and University is currently governed by the Universities and Other Tertiary Institutions Act as amended.

# STUDENT ADMISSIONS

This section provides the information on student admission to Makerere University.

## Undergraduate Admissions

Makerere University has three admission channels to the undergraduate programmes: Direct Entry scheme for students who have completed secondary school and sat the Uganda Advanced Certificate of Education (A 'Level) within a maximum of two years preceding the year of admission; Diploma holders scheme for students from other tertiary institutions seeking to obtain a university degree; and the Mature age entry scheme for students who have been out of the formal education system for not less than six years.

Students can be admitted under the public scholarship or fee-paying schemes. They are further categorized according to the study time schedule of the programmes: day, afternoon, evening and/or external/distance learning.

Over a ten year period the percentage of eligible A 'level students joining University<sup>5</sup> education has almost doubled from 35,196 to 61,479 (see table 2). Makerere University has maintained a more or less constant share of eligible students over this period.

<sup>6</sup> Applications consider only first choice programme and students make a maximum of six choices

The number of student applications to join Makerere University over the three year period has increased by 4 % and 7 % for government sponsorship and fee-paying respectively.

Percentage figures under college admissions given considers the first choice applications. By implications percentage admissions beyond 100% mean that, students are taken on their 2<sup>nd</sup> and/or other choices for academic programmes. The students in the Colleges of Computing & Information Sciences; Education & Extremal Studies; Humanities & Social Sciences, and Veterinary, Animal Resources& Bio-security standout as second choice colleges for students on the fee paying category. The Colleges of Health Sciences and Engineering, Design Art & Technology are the two colleges that are most competitive as students give it a first choice.

Law Entry Examinations

The University introduced pre-entry examinations for the Law programme in 2013/14. In addition to the three admission categories (A level-direct entry diploma and mature) the examination includes students who have completed other degree programmes. For the two years, there was a decline in the number of students by 24% who applied to undertake the law pre-entry examination. For academic year 2014/15, 66% of degree holders and 56 % of mature age entry qualified for admission as compared to 27% from A level or direct entry.

## Staff Development

The University staff development policy derives from the PhD qualification requirement for all academic staff as such that Assistant Lecturer and Teaching Assistant positions are categorised as training grades for academic staff. The various sources of funding for staff development includes the staff development fund established by the University international organisations scholarships from external Universities and bilateral support under the institutional development program.
